Mr. Mark Kahlberg
SCAI International
P.O. Box 551334
Fort Lauderdale, Florida 33355-1334

Dear Mr. Kahlberg,

I would like to take this opportunity to express my appreciation of the excellent training Detective Mario Delgado received from SCAI International this year. Mario shared his experience and photographs with us, and it's nothing short of fascinating. The training he received is of great value to our department. We are in the business of protecting our children, which we realize are at risk.

Detective Delgado spoke very highly of your program and the professionalism of you and Jim Gort. The exposure to the wide range of environments and the scope of the training was critical to the quality experience Detective Delgado had. This training is essential to law enforcement and anyone who needs a thorough understanding of the threats we are all faced with.

On behalf of the Los Angeles Unified School District Police Department and the children of our district, I want to thank you and congratulate you on such a fine program.

Sincerely,

A handwritten signature in black ink that reads "Jeff Crawford". The signature is written in a cursive, flowing style.
